

IPAD APPS

NAME OF iPad APP	WHAT APP DOES
1 Write About	This program lets the students select a picture and then gives them a prompt about it. They can type or talk about their answer about it and then share it with the teachers.
2 Note Taker HD	You can write notes with your finger and it will transfer them up to the note pad. Quick and easy for taking class notes, as well as just jotting down ideas.
3 Writing Prompts	Generates writing prompts from current events, scene elements, colors, sketches and more. Then the student uses them to write. Very affordable at 1.99
4 Story Craft	You can look at or write your own choose your next adventure type of story. You can also collaborate with other users as well to make a story together.
5 Opuss	A free writing community in which you can write and share and read others writing as well and get feedback on what you wrote from others all over the place.
6 Writing Challenge-Creative writing prompts and ideas to spark your inspiration and beat writer's block.	This app starts you off with a prompt, then every minute or so adds another idea or character or piece of the setting that you can choose to use or not. Helps you continue the story or you can make up a game of using what they give you and keeping up
7 Character Prompts	Gives you randomly generated character traits and features of a fictional character that you can use to write a story with.
8 Word Mover	Students can create found poetry by choosing from word banks and existing famous works. They can also add new words. It has different poem categories as well and an auto-saving feature.
9 Easy Learn Prepositions	Gives quizzes and practice to learn how to identify prepositions and different kinds of prepositions as well.
10. Write Right	A tool that offers synonyms, antonyms, recognizes correct verb tenses and replacing words and/or expressions as you write. An easy editing tool to help the struggling writer.
